Ingredients

Grain Products, Roughage Products (26%), Processed Grain By-Products, Plant Protein Products, Calcium Carbonate, Salt, Zinc Sulfate, Manganese Sulfate, Vitamin E Supplement, Copper Sulfate, Vitamin A Supplement, D-Activated Animal Sterol (Source of Vitamin D3), Ethylenediamine Dihydroiodide, Cobalt Carbonate, and Sodium Selenite.

Directions For Use

Feed at the rate of 2.5-3% of body weight. Always provide adequate roughage (hay or pasture). When making a ration change, allow 7-10 days for animals to adjust to the new ration. Always provide a source of fresh, clean water at all times. Do not allow fine material to accumulate in feeders. Provide adequate, well-protected and well-managed bunk space for each animal to prevent feed from becoming wet and moldy. When fed from a self-feeder, adjust feeder to minimize quantity of feed accumulating in trough.
